Our Mission

To reunite former students with the college and one another, provide alumni services and support the college's mission of teaching, lifelong learning and service to the community.

Clark is Unique

Since its inception in 1933, Clark has exemplified the best in a community college, offering a variety of educational opportunities for students of all ages.

Clark College has a long history as a tremendous resource for our region. It provides affordable higher education to more than half of Southwest Washington's graduating high school students. It trains people to be work-force ready which strengthens our local economy. It provides high-caliber academic education and technical training that is accessible to everyone.
